

## Child Arise Kenya Widows and Orphans Fall 2023

### *Greetings in the name of the Lord!*

*It is a privilege and honor to bring this update to you regarding the widows and orphans of Mbooni, Kenya. Elizabeth continues to faithfully serve all those in need.*

*First, let me tell you about the work on the borehole. A new survey of the water situation was done for the borehole. It was discovered that the prior engineer was off by 3 meters on where to dig. When being used, after 30 minutes the pump was running dry. It's a miracle that the borehole has been running so well up until now! A plan was made to flush the borehole and this was done in August. The borehole was extended a new pump was placed that was stronger than the old pump. There is still a lack of rain, so the amount of water is reduced, but water is still being provided to the community.*

### *Thank you letters!*

*We have received thank you letters from some of the children that are sponsored through your generous donations. Please enjoy!*

## Child Arise Kenya Widows and Orphans Fall 2023

DEAR TO WHOM IT MAY BE CONCERNED

My name is Mbula Mutunga. I thank God for protecting me since I joined form one and now I am in form two. I thank my guardian who has been paying my school fees. I have been helped by Elizabeth Mative to whom she struggles so much for me. I have my mother but she does not take care for me as when I am in school she doesn't struggle to find out our school fees. I have been sent from school for school fees and my guardian has been struggling so much to where she will get the money to pay my school fees. As I finish my secondary education I would like to attain good grade for which I can join university. My career occupation is to be a pilot. May the God of hope be with me from now ends faith.

Thank you.

DEAR TO WHOM IT MAY BE CONCERNED.

My name is Mutunga Mucendo. I think you are well as I am. I inform you all is well in my life. I thank you for help that you have been showing me in payments of school fees through Elizabeth Mative. I am now in form three where I am just remaining one year to be through with my secondary education. You have been showing your assistance until from form one. I ask for more support after I am through with my secondary education where I am aiming to join university in God's will for more education.

Fortunately, not only that you are making my life smooth but also you are making my future strong. I want to be an engineer in God's will after I am through with my education. I will ensure that I add more effort in my education to achieve this goal. I want in future to be important somebody in our country. May God bless you and add you more energy.

Thank you.

Please continue to pray for Child Arise and Elizabeth. Pray for Elizabeth's health and for the political climate in Kenya. There has been steep inflation and many are going without food. The students come to school hungry and some even faint. As always, we thank you for your support. God is moving always through that support and through His spirit. Pray for the widows that their needs are met and that they are strengthened in their faith.

God bless you and keep you. 100% of your donation goes to Kenya! Donations can be made to
